Iliac & Femoral Interventions

Dr Balaji Patel Kola - Internal iliac Embolisation
Dr Vijay Thakore - Aorto iliac Intervention
Dr Rochan Pant - A Case of Post Intervention Mycotic Aneurysm of CFA
Dr Sreekala P - A Case of non healing ulcer treated by SFA PTA
Dr Saurabh Mehrotra - Bilateral common iliac Artery Intervention fro TASC D lesion
Dr Raman Chawla - CTO iliac artery stenting

11:00 am to 11:50 am

Renal / Mesentric Interventions

Dr Jayesh Prajapati - Mesenteric artery aneurysm Stenting with covered stent missed but treated with second covered stent
Dr Vijay Thakore - Renal intervention
Dr Rajeev Bhardwaj - Diagnostic Problem in a case of abdominal pain - Angioplasty of Coeliac Artery
Dr RaJesh Vijayvergiya - CTO Intervention of coeliac trunk in acute mesenteric ischemia
Dr Sameer Dani - Interesting Renal Interventions

11:50 am to 12:30 pm

Aortic Arch / upper Extremities Interventions

Dr Vishal Poptani - Acute Aortic Occlusion "Cocktail Approach" - Managed Endovascularly
Dr H K Bali - Unusual Case of Brachiocephalic artery Stenting
Dr Siju Pillai - Subclavian stenting
Dr G R Kane - Traumatic Aortic Injury treated by Endograft

12:30 pm to 1:20 pm

BTK Interventions

Dr Malay Patel - Hybrid distal revascularization
Dr Asish Kumar - Interesting below- Knee Interventions
Dr Saurabh Mehrotra - Bidirectional approach to CLI
Dr Shoaib Padaria - Interesting BTK Interventions
Dr Raj Dave - Young Female with swelling and Discomfort in left Leg ; Revisiting Differential Diagnosis of Leg edema for Interventionist

1:20 pm to 2:30 pm

Lunch

2:30 pm to 3:15 pm

Live Case

3:15 pm to 3:55 pm

Carotid Intervention

- Dr Vimal Someshwar - CAS-Hypo Perfusion or Embolic?
- Dr Atul Mathur - A challenging carotid access
- Dr Jay Shah - Complex Carotid Intervention of A Culprit Lesion
- Dr Sibasankar Dalai - Carotid artery stenting - The Calcium mystery

3:55 pm to 4:55 pm

Venous / Fistula Interventions

- Dr Rajesh Hydrabadi - Intervention for Chronic DVT
- Dr V S Bedi - Case of Chronic ilio Femoral deep Vein thrombosis revascularisation
- Dr Davinder Chadha - Endovascular Management of a Complex Case of DVT
- Dr Yadav Munde - Subclavian Vein Plasty
- Dr Vimal Someshwar - Vein Pain, Now What to do?
- Dr Bhavesh Roy - Intervention in post PPI Subclavian vein Occlusion

4:55 pm to 5:10 pm

Plenary Session

- Dr Michel Henry - My most interesting cases of 2016.(Case Presentation)

05:10 pm to 6:00 pm

Complex Cases

- Dr R D Yadave - Graft stent for SFA Aneurysm and Thoracic Graft for Distal aortic dissection
- Dr Davinder Chadha - Flow Diversion in a Complex case of Aortic Aneurysm
- Dr Raman Chawla - Complex carotid intervention
- Dr Tarun Madan - Hybrid management of arch and thoracic Aortic dissecting aneurysm in a case of post bental Surgery
- Dr Dipak Kapila - Tackling complex carotid anatomy : Case of carotid intervention in complex arch anatomy

06:00 to 7.00 pm

Aneurysm Interventions

- Dr Bhavesh Roy - Unusual case of TEVAR
- Dr Amira Benjelloun - Treatment of type B dissection by MFM about 3 cases: Follow up over 2 years
- Dr Puneeth Rajendran - SMA Aneurysm
- Dr Vishal Poptani - Descending Thoracic Leaking Pseudo aneurysm Treated with off Label Endo Graft
- Dr Rajesh Vijayvergiya - TEVAR for descending aorta aneurysm presenting with hemoptysis - 2 cases
- Dr Rutvik Trivedi - Isolated common illiac aneurysm: managent options and controversies

DAY 2: SUNDAY, 25th SEPT, 2016

Breakfast Symposia

Master Class: BTK Intervention

*** 9 Sessions of 10 minutes each about BTK Intervention: Learn from Masters

9:00 am to 9:45 am

Live Case

9:45 am to 10:45 am

Iliac & Femoral Intervention

- Dr Tarun Madan - Right iliac artery Pseudoaneurysm and endovascular management
- Dr Omer Hasan - Bilateral Common Iliac Stenting in a case of Right Common Iliac Artery CTO
- Dr Uday Khanolkar - Will SFA Stenting be Obsolete?
- Dr Paresh Pai - SFA Chakravayuh-Case of taking Proximal lesion for granted
- Dr Saurabh Mehrotra - Sub - Intimal approach to peripheral CTO
- Dr Shoaib Padaria - Acute thrombotic Occlusion of Lower Limbs in congenital cyanotic heart Disease.
- Dr K Latchumandas - Too good too late - Femoral artery intervention

10:45 am to 11:35 am

Carotid Artery & Intracranial Intervention

- Dr Jay Shah - Bilateral Carotid Artery Disease with Severe Triple Vessel Coronary Disease
- Dr R K Pinjala - Carotid Artery Aneurysm in the post Partum Period
- Dr Sukalyan Purkyastha - Intracranial Stenting
- Dr Sibasankar Dalai - Acute Stroke Intervention; Where is the end point?
- Dr Sameer Dani - Interesting Carotid Interventions

*Working lunch to be served in auditorium only

11:35 pm to 12:35 pm

Pot Pourri

- Dr Raman Chawla - Pulmonary embolism intervention
Dr Sameer Gupta - Bronchial Artery embolization
Dr Anupam Lal - An unusual complication of pulmonary AVM dembolization
Dr Manphool Singhal - Embolization of Pulmonary artery Pseudoaneurysm in clinically challenging situations
Dr Sivaprasad - Plugging for CHF-Percutaneous Closure of RSOV
Dr Devendra Dekiwadia - Challenging PTS
Dr Sundar Chidambaram - An unusual case for recurrent hemoptysis & successful intervention

12:35 pm to 1:25 pm

Nightmares & Complications

- Dr J Ezhilan - Common Femoral Artery Dissection Causing on table Retroperitoneal haematoma
Dr Praveen Pai - Unexpected Complication in Abdominal Aortic Stenting
Dr Sriram Rajagopal - Aortic Intervention - complication and management
Dr Sanjay Mehrotra - Nightmare case of TAVI
Dr K Latchumandas - Unusual complications in Carotid stenting

1:25 pm to 1:55 pm

Aortic Arch / upper Extremities Interventions

- Dr N O Bansal - Angioplasty in a Neonatal coarctation with Hypoplastic Aortic Arch in CHF
Dr M V Reddy - Right Subclavian Artery Pseudo Aneurysm
Dr G R Kane - Aortoiliac CTO- Endovascular revascularization

1:55 pm to 2:10 pm

Plenary Session

- Dr Michel Henry - Drug Eluting Balloons for the treatment of Femoro Popliteal Arterial Occlusive Diseases

2:10 pm to 2:40 pm

Renal / Mesentric Interventions

- Dr Yadav Munde - Renal Stent retrieval
Dr Manu Rajendran - Renal artery stenting
Dr Suhas Lele - Renal Embolisation for angiomyolipoma

2:40 pm to 3:00 pm

Interventions in Takayasu Arteritis

- Dr George Joseph - Treatment of Iatrogenic Visceral Aortic Pseudoaneurysms in Takayasu Arteritis
- Aortic arch branch recanalization in Takayasu Arteritis

3:00 pm to 4:00 pm

Aneurysm Interventions

- Dr Sanjay Mehrotra - On table fenestration for internal iliac artery
Dr Vishal Poptani - Rare case of Ascending Aortic Leaking Pseudoaneurysm - Managed Through Endovascular Approach
Dr Rochan Pant - A Case of F EVAR
Dr Mihir Tanna - AAA: A Bifurcated Inside a Bifurcated ! (Bifurcation inside a Bifurcation)
Dr Paresh Pai - Mycotic AAA-Case of Infected spine
Dr Rajesh Vijayvergiya - Abdominal aorta mesentric intervention in a case with TAA

4:00 pm to 4:40 pm

Venous / Fistula Interventions

- Dr Vivek Gupta - Severe Double Vessel Disease associated with LCX to Pulmonary Artery Fistula treated with DES
Dr Raman Chawla - Retrograde iliac venous stenting
Dr Atul Mathur - Venous intervention in May Thurner
Dr B C Srinivas - An interesting case

4:40 pm to 5:20 pm

BTK Interventions

- Dr V S Bedi - Antegrade & Retrograde approach in BTK Diseases
Dr Rajesh Mundhada - Interventions Across Knee Joint
Dr Raj Dave - Transferring Coronary PCI Technique for BTK for Limb Salvage : Case Examples
Dr Gireesh Warawdekar - An interesting case

5:20 pm

Valediction

Followed by High Tea
