**Navigating through current
evidence in lipid management**

Dr. Enas A. Enas

**Founder President and CEO of the CADI-
Coronary Artery Disease among Asian Indians
Research Foundation and Advanced Heart Lipid
Clinic in Downers Grove, Illinois**

A true pioneer, Dr. Enas is the first cardiologist to sound the alarm on the strikingly high rates and malignant nature of heart disease among Indians in the US and around the globe

He is also the first physician to identify and report a genetic predisposition to CAD in Asian Indians, mediated through lipoprotein(a) – a genetic variant of LDL cholesterol.

Dr. Enas was selected as one of America's Top Physicians in 2003 and one of Top Cardiologists in 2009, 2010 and 2011 by the Consumer Research Council of America.

He is on the editorial board of several medical journals including the Indian Heart Journal.

He has more than 45 years of clinical experience and has focused the past 30 years on bench research on heart disease among Indians.
