In Association with

Dear Esteemed Colleagues,

Greetings from Gujarat Heart Association (GHA).

We are sure, you recollect that GHA Cardiology Symposium 2015 was a successful professional meet and how we enriched our knowledge and practice from that meeting.

It is now time for us to meet again for "GHA Cardiology Symposium 2016".

In the last one year, the field of cardiac sciences in Gujarat has taken rapid strides. Whether it is coronary artery disease or congenital heart disease; whether electrophysiological interventions or medical management of diseases; experts in our field, together with you as a team, have established new and higher standards in managing your patients.

What can be better than learning from the Masters simplifying and explaining the recent advances and solving many diagnostic and therapeutic riddles of everyday practice? There will be presentations, debates and quiz with international level speakers on faculty.

GHA Cardiology Symposium will be held with active support of Divya Heart Care Foundation, Sterling Hospital, Ahmedabad and Association of Physicians of Ahmedabad. Delegates are likely to be awarded credit points by Gujarat Medical Council.

We request you to please register and reserve the dates of 10th and 11th September, 2016 in your calendar for this event.

Hoping to see you at the events, with warm personal regards.

**Dr. Jayesh Trivedi**  
President - APA
