

Invitation

Dear Doctor,

Sanofi India Ltd. and Ahmedabad Physicians Association has jointly organized a CME programme in the subject of Clinical and Interventional Cardiology.

In the face of significant cardiovascular problems in a patient, you need to have holistic approach across specialties. When confronted with a challenging and perplexing clinical situation, you need to transcend your specialty and look beyond. Your success depends on it, weather you are a young professional or an experienced physician. Your definitions and classifications may help you better if you understand the complex manner of the pathophysiology of Coronary Diseases.

Date : 2nd October 2016

Venue : Hotel Hyatt,
Ashram Road,
Ahmedabad.
