Dear Colleagues,

It is a great honor to have you amongst us at India's prestigious knowledge sharing platform of Cardiology - **NATIONAL DEBATE 2019** (Sharing Knowledge Since 1982).

In fact, encouragement meted out to us by your active participation has ensured come back of National Debate a Grand Success Story. **NATIONAL DEBATE 2019** would address most burning issues faced by physicians because of ageing population i.e. **Cardio Vascular Diseases in Elderly Patients**.

We are fortunate enough to have masters of international repute who will put forth in-depth insights to these burning issues and their solutions, thus helping us for better patient care in elderly patients with CV diseases.

We seek your similar encouragement & involvement as in the past. With your support & feedback, we aspire to make **NATIONAL DEBATE 2019** a great learning experience.

Sincerely Yours
Sameer I. Dani
